APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application,
and do hereby grant the same, subject to the following limitations and
conditions:

This permit is issued subject to all existing rights on the
source. A valve must be installed and maintained to prevent waste
of water and accurate measurements of water placed to beneficial use
must be taken from time to time. This source is located within an
area that has been designated by the State Engineer as coming within
the meaning of the provisions of the 1939 Underground Water Act as
amended in 1943; therefore the State has the right to regulate the
use of the water herein granted at any and all times.

The amount of water to be appropriated shall be limited to the amount
which can be applied to beneficial use, and not to exceed 0.10
cubic foot per second.

Actual construction work shall begin on or before January 27, 1948

Proof of commencement of work shall be filed before February 27, 1948

Work must be prosecuted with reasonable diligence and be completed on or
before January 27, 1949

Proof of completion of work shall be filed before February 27, 1949

Application of water to beneficial use shall be made on or before

January 27, 1950. Proof of the application of water to beneficial

use must be filed with State Engineer on or before February 27, 1950

Map Filed APR 16 1947

Proof of commencement of work filed JAN 21 1948

Cancelled 3/24/50 because of failure

of applicant to comply with terms of permit
